

## Technical Data Sheet

### PP 19x0,55/406x160 mm manual strapping tape, black

Material: Thermoplastic polypropylene

Parameters

	<i>measurements</i>	<i>min</i>	<i>max</i>
Width	mm	17,5	19,0
Thickness	mm	0,48	0,62
Breaking force	N	2000	
Elongation at break	%		25

Coil dimensions: 406x160 mm paper coil, fixed at 3 points, 2000m/coil

Packing: Paper box, size (external): 585x585x160 mm

	<i>Method "A"</i>	<i>Method "B"</i>
Palet size (mm)	1190x1190	1190x1100
Boxes / palet	48	42
Palet total high (mm)	2190	2190

Storage:

In dry, covered place

Other specification:

embossed surface

Suggested usage:

We suggest to use the product for manual use for fixing different products.

- Waste can be recycled, environmental friendly.
- Products mentioned above in accordance of the XXV. Act 2000 does not qualified as dangerous material or product.
- The production and qualification process of the product occurs in accordance of the ISO 9001:2000 quality control process and the ISO 14001:2004 environmental friendly process.
