

Technical Data Sheet

PP 19x0,60/406x160 mm manual strapping tape, white

Material: Thermoplastic polypropylene

Parameters

	<i>measurements</i>	<i>min</i>	<i>max</i>
Width	mm	17,8	19,0
Thickness	mm	0,52	0,70
Breaking force	N	2800	
Elongation at break	%		25

Coil dimensions: 406x160 mm paper coil, fixed at 3 points, 1800m/coil

Packing: Paper box, size (external): 585x585x160 mm

Storage:

In dry, covered place

Other specification:

embossed surface

Suggested usage:

We suggest that the product should be used for manual use for fixing different products.

- Waste can be recycled, environmental friendly.
- Products mentioned above are not qualified as dangerous material or product in accordance with the XXV. Act 2000.
- The production and qualification process of the product occurs in accordance with the ISO 9001:2008 quality control process and the ISO 14001:2004 environmental friendly process.
